# *EDITORIAL NEWS AND VIEWS*

Dear Readers

As a result of the Parish Plan a number of project groups have been established to cover various aspects raised during the questionnaires. It is important that people get involved in these so that the Parish Plan can be implemented.

Kingsley Players will be treating us to another of their excellent plays during May, this time it is Arsenic and Old Lace.

Looking forward a few weeks, don't forget to put the 30th June in your diaries for the Kingsley Carnival and the Scout BBQ in the evening, and on Sunday 31st will be the Families Together celebration. There will be a Scarecrow competition on Friday 29th June, so start thinking and planning your masterpiece.

***NEWS & VIEWS FROM YOUR LOCAL FAMILY FARM***

Well, spring has certainly sprung on the farm during the first half of April. On the 1<sup>st</sup> April one of our cats gave birth to 4 gorgeous black and white kittens. Of course she had them in a totally inaccessible place, under a pallet at the back of the wood shed. We sent George to find one of his old fishing nets, last used to catch tiddlers at Llandudno. We reached under the logs and scooped up each tiny kitten one by one, and put them in the shippoon where we can keep an eye on them. I am sure our many young farm visitors will love them. They will certainly be well-socialised by the end of the summer.

Also on 1<sup>st</sup> April, one of our pet ewes, 'Flighty' produced a very large boy lamb. She managed to give birth all on her own, and mother and son are doing well. Beryl followed, four days later, having twins. One of them didn't suckle very well, and was going downhill, so Liz had to dust the old feeding bottle off, and supplement with extra powdered lamb milk. She is now suckling well on mum and has picked up really nicely. Frieda followed with another large boy lamb, which was so large we had to help out, but he is fine. Just as we thought everything was running smoothly: Mrs. Woolley shocked us by having triplets, the tiniest lambs you could ever see. She had the first 2 naturally, but was struggling with the 3<sup>rd</sup>. When we took a look, it was coming backwards with only one leg presenting, so George had to manoeuvre the other leg back and gently pull him out. She is a very docile and experienced ewe and is looking after them really well, she feeds them herself, with the help of a little extra bottled lambs milk off Liz. Luckily all three baby lambs will suck a bottle! – which is not always the case. It is some years since we last had triplets. Some of you may remember Ole, Gunnar and Solskjaer in 2000.

Over the Easter break, one of our friends called to ask if we would take two rescue ducks. Someone had abandoned them on the canal at Northwich, and being domestic pets, our friend knew they would not last long. Obviously we couldn't refuse, and they were delivered on Easter Saturday. One Runner and one Aylesbury. Beautiful little ducks, very friendly indeed. We already have two, Donald and Figgy (also a rescue duck). Donald was like a mad-duck when the new ones arrived, running round and round their enclosure constantly quacking, showing them who was boss. We are not sure what sex they are yet, but we have had two blue eggs so far.

If that wasn't enough excitement for one weekend: Once we had finished settling the new ducks, we turned around and to our amazement one of our hens was proudly strutting around the orchard with 12 newly hatch chicks!!!!

We had been missing a hen for a few weeks, but presumed she hadn't gone in one night and Mr. Fox had paid a visit. She must have made a nest in the hedgerow, laid her 12 eggs, sat on them for 21 days, and hatched them. Nothing short of a miracle, when you consider that Mr. Fox comes sniffing around most nights and the cold snap a week or so ago. We knew if we left her in the open with the chicks the magpies would soon pick them off, so George was once again despatched for the fishing net!! Like a scene out of Tom and Jerry, we chased them around the orchard and eventually scooped them up and put them safely in their own hen cote and run. One very proud Mother Hen and 12 tiny bantam chicks.

After the domestic stuff, now for some serious farming news:

The mainly dry spring has continued. The spring barley and potatoes have all been planted into good seed beds. The never ending cycle of fertilising and spraying the wheat and barley continues as we try to keep up with the crop growth stages. We were hoping that the early potatoes would be ready for lifting beginning of May, but the cold frosty weather has slowed them down. We will be selling them from Hatley Farm as usual. Look out for the signs along the A56 for New Cheshire Potatoes.

As per usual, the day the drought order came into force for certain parts of England (not here luckily), it started to rain. We have only had a few showers, which were well needed and has freshened all the crops up. Compared with other parts of the country, we are very lucky to have not been worse affected. There are serious problems for farmers down South. We would need continual downpours for several months to build up the water table to a normal level.

As I finish this article, Martha has just had twins. All well! She is our oldest pet ewe aged 10. Phew, that's the end of lambing for another year. 9 healthy lambs from 5 ewes. How farmers cope that have hundreds of ewes to lamb I will never know! 5 is quite enough.

## **Christian Aid Week 13<sup>th</sup> to 19<sup>th</sup> May 2012**

The house to house collection is almost upon us so I thought it would be helpful to report some of the many projects in which Christian Aid is involved. Sierra Leone is the focus of Christian Aid Week this year but I would also like to update you on Haiti and Burkina Faso in the Sahel region of West Africa.

Sierra Leone is the sixth hungriest country on earth. Two in every five children suffer from chronic malnutrition, causing stunted growth and impaired mental development. Although around half of Sierra Leone's population depends on agriculture for its livelihood, fewer than five per cent have the tools and equipment necessary to improve their harvest and the vast majority are farming at a level of subsistence and regular food shortages. Christian Aid partner the Methodist Church of Sierra Leone (MCSL) and the hard work of communities it works with, is making real change possible. Communities are coming together in production groups. MCSL provides tools and equipment they need to ensure that they can make the most of the abundant resources around them. Once the harvest increases they not only have enough to feed their families but also to sell their produce.

It is more than two years since the devastating earthquake in Haiti and it is true that an estimated 600,000 are still living in tent cities but nearly double that number have been re-housed. Christian Aid partners have helped communities to build 160 permanent homes in the countryside and 426 are under construction. Christian Aid partners have also helped people to earn a living in the countryside such as providing saplings to enable them to grow and sell coffee and fruit. The Haitian Government is keen for people to be re-housed outside Port-au-Prince but it is harder to earn a living outside the Capital. International NGOs are not set up to rebuild cities. That is the role of the government. The Haitian government recognises this but lack of funds means its capacity to provide services, is severely limited. Unfortunately the fear of corruption has made major institutional donors slow to release funds. However Christian Aid and its ACT Alliance partner the Church World Service (CWS) have provided direct support to almost 70,000 people whose lives and livelihoods were shattered. Vulnerable areas of Burkina Faso and Mali are on the verge of a famine disaster. It seems like a perennial cry. How can communities facing increasingly severe and frequent crises become less dependent on relief and ultimately cope better in the long term? With the support from the Department for International Development, Christian Aid has been working on a long-term programme to build community resilience in countries such as Burkina Faso. Over the past four years, this has enabled communities to identify all the risks they face and come up with appropriate action plans to mitigate against the risks. Activities are divided between those they can carry out themselves and others they need the support of local government or development organisations. They are managing to cope slightly better but there is a need for long term support from governments and organisations such as Christian Aid. The Department for International Development launched a fund called UK Aid Match. This fund will match, pound for pound, public donations to appeals made by not-for-profit organisations for development activities focused on poverty reduction in developing countries. Christian Aid has applied and been successful in receiving matched funding for the first £5 million donated to Christian Aid Week 2012 for such work.

**Kingsley Carnival 2012**  
**Don't forget Kingsley Carnival on Saturday 30<sup>th</sup> June 2012!**

This year we are planning a full weekend of fun and community. There's something for everyone. On Saturday, it's the Carnival which will take place on the Kingsley Community Primary School field. There will be a procession including 40 classic cars, a Giant, a marching band and floats all led by a Traction Engine. If you'd like to take part, give us a call on 789098.

Once on the field we will have a Roman Soldier Patrol, the Weaverham Gymnastics Display team, bouncy castle, the Kingsley KTI market, WI teas, a bar and much more

On Sunday afternoon, there will be a Families Together Celebration led by both our churches in the Carnival Marquee, followed by a strawberry tea.

The ever popular Scarecrow competition will be judged on Friday the 29<sup>th</sup> of June. We hope to see lots of scarecrows along the procession route. The theme is "The Olympics through the Ages". More details about how to enter will be published next month.

The next Carnival committee meeting will take place at the Community Centre on Wednesday 2<sup>nd</sup> of May. Everyone is welcome.

# KINGSLEY PARISH COUNCIL

## Parish Plan

At the last meeting, the Parish Council formally endorsed the Kingsley Parish Plan. We would like to say a huge thank you to everyone who was involved in the project. Copies should now have been delivered to all households in the village. Please get in touch with Vony Gwillim (Tel: 01928 789098 or e-mail: [vgwillim@coach-work.co.uk](mailto:vgwillim@coach-work.co.uk)) if you haven't received one or you would like an additional copy. The plan will also be available on the village website at:

[www.kingsleyvillage.co.uk](http://www.kingsleyvillage.co.uk)

The Parish Plan has now moved into the implementation stage. Whilst there are several volunteers who are already working on a number of the actions (e.g. bulb planting) there is an urgent requirement for someone to co-ordinate and chair the implementation group. New volunteers are always welcome. If you have strong views on any of the key issues in the village such as speeding traffic and parking or you would like to see some new activities in the village such as a film club or swimming group, please spare some time to help make a difference. Contact Vony for more details.

## Electricity Supply

In one of our previous PC updates, we outlined that Scottish Power were planning to replace some problematic underground cabling around Kingsley Community Primary School in the near future. We have now been informed that this work will take place over the summer school holiday in order to keep disruption to a minimum.

Please contact the Parish Clerk (Doreen Woods - 01928 739400) if you would like any further information and she can direct you to the relevant individuals at Scottish Power.

## Superfast Broadband

Just a reminder that you can register your demand for Superfast Broadband in Kingsley at [www.connectingcheshire.org.uk](http://www.connectingcheshire.org.uk) following the link 'Join the Campaign'.

Dear Readers

Class One at Kingsley St John's has had a massive transformation. Over the Easter break the class was stripped, remodelled and redecorated. The building where Class One is situated was built in 1851 and, as fantastic as it was made to look with all the children's work and decoration, it was in need of modernisation.

Old classroom

All the children were told the colours and what was happening on the final day before the holidays, but none of them (or the staff!) expected

Old classroom

the classroom to look this good. When we returned on April 16<sup>th</sup> all the children and parents were eager to see the final result as they had been spying on the workmen and the changes through the window during the break! They all gasped and thought it was fantastic. Gerard said "He loves the new classroom", and Rowan was in awe at the size of the new creative area.

The changes in the classroom included...

- A larger creative vinyl area
- Child accessible work units and sink
- New carpet and new colour walls
- New blinds
- New equipment

New classroom

## **Kingsley Players add a touch of Arsenic**

Kingsley Players are back with their popular supper and theatre presentations and a production of Joseph Kesselring's hilarious black comedy, 'Arsenic and Old Lace'.

Directed by Kath Kerry, the play runs from Wednesday 16th May to Saturday 19th May. The production will be presented in normal auditorium style on the first two nights at 7.30pm, with seats costing £6 and £4 concessions.

On Friday and Saturday nights, a hot supper will be served before the performance at 7pm and joint tickets can be booked in advance for £12.

Set in early 1940s New York, the play tells the story of two charming, genteel old ladies who poison their poor, unattached lodgers in order to save them from the sorrows of this world. But their cosy system of mass murder is disrupted by three interfering nephews, with farcical results.

Director Kath Kerry explained: "Arsenic and Old Lace put black comedy truly onto the theatrical map. It was first staged in 1941 and in 1944 it was made into a highly successful film, starring Cary Grant. And it's still just as funny 70 years later."

Tickets can be booked in advance at Holland Pharmacy in Kingsley, online at [www.kingsleyplayers.co.uk](http://www.kingsleyplayers.co.uk) or by ringing the box office on 07925 516760.

## **KINGSLEY PARISH COUNCIL**

### **PROPOSAL TO REINSTATE THE OLD 'STANIFORD PIPE'**

In the late Eighties, Cheshire County Council covered the chamber (known as the Staniford Pipe) at the bottom of Dark Lane and Top Road, into which flows the Kingsley Brook from the culvert further along Dark Lane.

This chamber was once used as the main source of water for residents in the village and had remained open for over 100 years.

It is also one of the few remaining 'historical' features that we could attempt to restore and preserve.

The preferred proposal is to open and enlarge the chamber to the original dimensions and extend the posts and fencing for safety purposes.

An alternative would be to open the small chamber, create a planting area around the chamber and install new posts and fencing.

Whichever option is selected, a sign or plaque would be installed to highlight the feature.

Please contact Councillors Danny Moores or Jacq Cliff for further information.

### **Kingsley, Norley and Crowton Mothers' Union**

We held our meeting in church this month as it was Holy Week and also it allowed more people to attend. Jane Colley came to talk to us about a "Pilgrimage to the Holy Land" which she undertook last year with a large party from Chester Diocese (including three Bishops!). The slides which illustrated the journey were very interesting and Jane's commentary alongside brought the whole experience to life for us. Some of our members had already done a similar journey, but for others it really stimulated a desire to follow in her footsteps.

Also in April we have a Deanery Coffee Morning in Frodsham Church Hall on 26.4.12 between 10am-12noon and we are running the Cake stall for them.

On May 1<sup>st</sup> Hilary has organised a meal out at the Maypole instead of our usual meeting, to celebrate May Day. For the June meeting we are looking forward to John Dawson talking to us about the Countess of Chester Chaplaincy Team, this is at 7.30pm in the Church Room on 5.6.12 and everyone is welcome. More information from Pam Lee 01928 787343

## **KINGSLEY PARISH PLAN**

### **TRAFFIC AND TRANSPORT IMPLEMENTATION GROUP**

Is it just me that swears at cars that go speeding up Top Road on the wrong side, or shouts “BREATH IN” to the children in the car as we squeeze past a speeding oncoming vehicle by the church?

Am I the only one that grumbles about cars parking on the infamous double-yellow lines outside the Co-op, or huffs and puffs about cars parked on pavements forcing my children and me to walk on the road?

Not according to the Parish Plan.

If you are interested in getting involved in any capacity with trying to resolve any of these issues, please contact Jacq Cliff on 788470

## **Kingsley WI**

Members will be involved with various activities this summer. Kingsley Carnival will be held on June 30th and the WI will providing tea, coffee, juice, sandwiches, cakes, scones and cream teas on the day. The new Kingsley WI Recipe Book will be on sale too.

A number of ladies have decided to learn to play bowls and plan to have lessons in Castle Park.

COMMUNITY  
PRIMARY &  
NURSERY  
SCHOOL

## Music Week

Kingsley Community Primary & Nursery School prides itself on being, amongst many things, a musical school. Our children are encouraged to sing and play instruments from Nursery onwards. We celebrated the end of the Spring term by holding a special music week in school where every child took part in a range of musical activities during the afternoons.

The week ended with a special celebration concert for parents and friends with performances from each class.

**Nursery & Reception** sang the Music Man and accompanied it with instruments that they had made.

**Year 1** showed the art work that they had created in response to a range of film music.

**Year 2** played their own composition on the 'body band.'

**Year 3** sang several French songs in 2 parts accompanied by children on the piano.

**Year 4** were a Samba band performing their own composition.

The **Year 5** band performed 5 short pieces.

**Year 6** performed a rap that they had composed about their learning in Science.

The **Year 6 band** and the **Junior choir** also performed pieces from their repertoire.

Our band also performed with other local groups in St John's Church in Chester.

'This is a good school. Outstanding care, guidance and support from teachers and teaching assistants ensure that pupils are happy in school and enjoy the many and varied activities open to them.'

## KINGSLEY WALKING GROUP

The April long walk was a 7 mile walk, commencing from the Village Green in Bunbury, by St Boniface Church. On a bright day, 8 of us set out across fields in a westerly direction with excellent views of Peckforton and Beeston Castles. At Beeston Market we joined the towpath on the Shropshire Union Canal and walked back along the canal and stopped for lunch at Bunbury Locks, where we observed several holidaying boaters negotiating the locks. Shortly before Calveley, we left the canal and returned along pretty lanes and footpaths to Bunbury, and the walk finished, fortunately, just before a heavy hailstorm.

Kingsley Walking Group have two walks each month, meeting at the Community Centre at 9.30am. On the second Tuesday there is a long walk, bring a packed lunch. On the last Wednesday a short walk with a coffee break and a pub lunch. We are a friendly group. For more information tel. 787055 or visit our website at [www.kingsley.walkers.btinternet.co.uk](http://www.kingsley.walkers.btinternet.co.uk)
